

ROMEO & JULIET

I... in the last century!

– I am an **Unfaithful** ;

I am, thank Zeus!

– « Like a man », she says,

In her all-grey worries.

– You are mistaken, my pretty:

My love tributes to Life;

Like a wingless angel;

Like a laughing rock.

(July 20th 1983)

What I should have been told!

– I am an **Monogamist** ;

I admit it, Gaïa*!

– « From Women the leitmotiv »,

Replies the darling.

– No, you're the one to dodge:

Love wants Jealousy;

The two of us, river and bank;

To be one, not by halves.

*γαία = Gaea.

We must be Fair

We must not shy away from one fact: we've got a big problem! Hence, there is no solution without the greatest boldness: Anar-Comm. And this is impossible without the neo-matriarchal Women's Party. Of this point, we must never let go! All the more so, since we will eventually find ourselves to be completely "natural", sexually very equitable minded...

Romeo and Juliet?

1 It's a "dialogue of the deaf"! In fact two monologues. Each one so convinced of the other being bound to become converted to his own speech...

But the true Don Juan is the very opposite of the Lecherous Swine. He wants to entice, not to "enjoy". The true Praying-Mantis is similarly the very opposite of the Silly Goose. She wants security, not "to tie the knot". Thereafter:

2 They are both right! Except that the Male preaches a brand-new Liberty, going beyond the Civilized frame, and that the Female yearns for an incongruous Equality within the civilized frame, of which only Tradition (kindred matterist) offers an outline.

- "a wingless angel": a celestial creature, albeit with a real body (earthly and corruptible)!

- "a laughing rock": a 100% mineral-inert body, but more than alive, thinking!

- "The two of us, river and bank". TWO, but indissociable in the Duration of Time.

- "To be one, not by halves". ONE, but completely as such, perfect in the Extent of Space.

Χάος = **Chaos**. Emptiness, Yawning Gap (Hesiod. Theogony 116). If Matter is Being, Chaos is its "Nothingness". (Spiritist **Theologians** will turn it into Confusion, Darkness...).

Γαία = Γῆ. It is **Earth** (MATTER). It is the Kindred "Being", the "For-Us" face of Chaos. The Latins called it Tellus. Hence "Great Mother", "Mother of gods". Mother-Spouse of Uranos (the Sky), she gives birth to what will become the Emanation... (**Theologians** will turn Wood = ὕλη = HULÊ, into Matter).

Ζεὺς = Zeus, we know him!
