

Children & Veterans

As soon as a nucleus of proud **People** is born, from within the very **Mob** of today, amorphous and prostrated, we shall shout out:

***“Hurry up, take our CHILDREN out
of the governmental School!***

“This filthy Secularism is spoiling them!

***“We will deal with it ourselves,
in our own neighbourhoods !***

***In particular with the aid of
our volunteering VETERANS* of all sorts.***

***“Watch out you blue-bloods
of the pagan-barbarian commanding Caste
that might try to shove its dirty nose
in our business!”***

* ♀ and ♂ !

CASTED!
