

PROCLAMATION

As expected, you dare sentence my comrade Tony!

So, the mere Emanuel Kant's **DUTY** entails me to denounce what follows:

- First, your « Outrageous » court, being much worst the heir of the provosty courts during the White Terror (1815-1817);
- Then, your « Despotic » Republic, which brings Disgrace completely upon the Commonwealth of the revolutionary Year Two (1793-1794).

Drawing thoroughly the conclusion of the mammoth scandal, I assert:

- Robespierre and Napoléon could not carry off the task which History expected from them;
- Ourselves precisely must achieve the thing, while setting up the Suitable Community: as **EGALITARIAN** as Libertarian!

Such is my way to behave like an Islam soldier, brought to bay by West-Babel.

إِنَّا لِلَّهِ وَإِنَّا إِلَيْهِ رَاجِعُونَ

The White Terror

Since January 7th 2015, with the huge and filthy « **I am Charlie!** » demonstration, the worthy heirs of the Versailles' Left in 1871 did descend upon France the **WHITE TERROR**.

The song below draws its inspiration from « **The Bloody Week** » that Jean-Baptiste Clément wrote in secret, dedicated "To the Shot" Communards.

**Save for squealers and cudgelers,
There's no-one going about
But Moslems having the jitters,
Immigrants are down-and-out.
Wage-earners in depths of despair,
Freelances undergo worry,
Courts show themselves quite unfair,
Gaols erected plentifully.**

Burden:

**Yes but...
Old Order's tottering
Hard times ceasing to exist!
Beware the revenging
When all the Poor will deal with it! (bis)**
