

# 1830: the barricaded Revolution<sup>1</sup>

\* Let us remember that **1835** is the direct, very concrete date of the intended irreversible abjuration of « 89 » (the Great Revolution). The « 3 Glorious » <sup>2</sup> puffed up galore, were a large-scale frame-up:

\* • On the **farce** side, the Cocarde <sup>3</sup> was brandished; Rouget de l'Isle <sup>4</sup> was bawled; the demagogic of the « *National* » (Thiers!) was droned out.

• **Bank** and Big business were in on it (Laffitte and Casimir Perier); Polytechnique was gained; and the **Great Mute** (Grande Muette) skilfully infiltrated into the upper echelons (Dubourg, Gérard, Jacqueminot).

• And what could be better than showing two **fishy stars**: de La Fayette ex-Émigré, « but » ex-National Guard; and the sonny of the regicide Orléans Égalité, « but » ex-Émigré too?

• The gang of high-flying thugs did not neglect one last asset: the big monkeys (bosses) openly close down the workshops **to urge to the riot!** <sup>5</sup>

\* The Royalty of the « **Revisos** » <sup>6</sup> of **1789** was thus established, this « best amongst the republics » according to the « Hero of the Two Worlds » (de La Fayette). Of course, the « bourgeois monarch » (Louis-Philippe) was **ELECTED** by the deputies by 219 votes to 33; as easily as the Duce, the Führer; and just like our 1<sup>st</sup> President of the Republic, Badinguet helped by his Society of December 10<sup>th</sup>; just like the next ones and just like the very latter ones (Pétain as well, without the title!).

\* On the whole, it was the **death sentence of Civilization** in France, and of its living Mission in the West. In short: « Definitive » establishment of the Caste/Mob institutional Antagonism (end of the superior-lower classes under **Hegemony**).

Long live the « Gueuse » <sup>7</sup>, Long live the Hexagon, and Long live the GOF (.:)! <sup>8</sup>

<sup>1</sup> In other word: « Romantic » ! cf. E. Delacroix : « Liberty on the barricades ». It's also said: revolutionaries of Middle-Way! Or else: of the **end of history**; but never ever counter-revolutionaries!

<sup>2</sup> 27-29 July 1830.

<sup>3</sup> « the tree colours »' flag.

<sup>4</sup> The **Marseillaise** of this scoundrel, who defied the Louis XVI's deposition, delivered the song of the Girondins, and the Hymn of the 9 Thermidor... The first decree of free France will be to denounce the militaristic « impure blood ».

<sup>5</sup> Larousse says so, so....
