## DOM DESCHAMPS

1716-1774

### The Real

① There are “**PARTS**” (elements), very distinct from “**THE WHOLE**” (everything). But that is putting it mildly:

② This “**Whole Lot**” (cosmos) is just as much distinct from the “**STARK GREAT WHOLE**” (S.G.W.)!

③ Surprise: the latter “**S.G.W.**” (immune from any proportion whatsoever) and “**NOTHINGNESS**” (naught, nil) prove to be strictly one and the same thing! Then, saying “all or (else) nothing” is outright nonsense.

Inference: “By far from NOT believing in ANYTHING, I DO believe in NOTHINGNESS; for there is quite a Nothingness being!”

### Community

① The **PRIMITIVE** condition (Kindred) is that of “Discord with no other Unity than an instinctive One”.

② The (written) **LAW** condition (Bourgeois) is that of “Discord in Unity; a condition – actually – of Evil under the guise of Good”.

③ The **MORES** condition (Suitable) is that of “Unity immune from Discord; hugging of Liberty and Equality, id est Anarchism-Communism”.
