

HISTORY of FRANCE

FOR REAL

since more than 2 centuries

CASTED

It is, ultimalety, and under many labels, in the hands of scoundrels operating from bad to worse:

POLICE STATE
on the domestic front
COLONIAL PLUNDER
on the foreign one

All of this thoroughly deserves, although it is grudgingly claimed, the name of RESTORATION, that is to say of

COMPLETE DENIAL
of the Ultimate and Sublime
« 89 »'s REVOLUTION

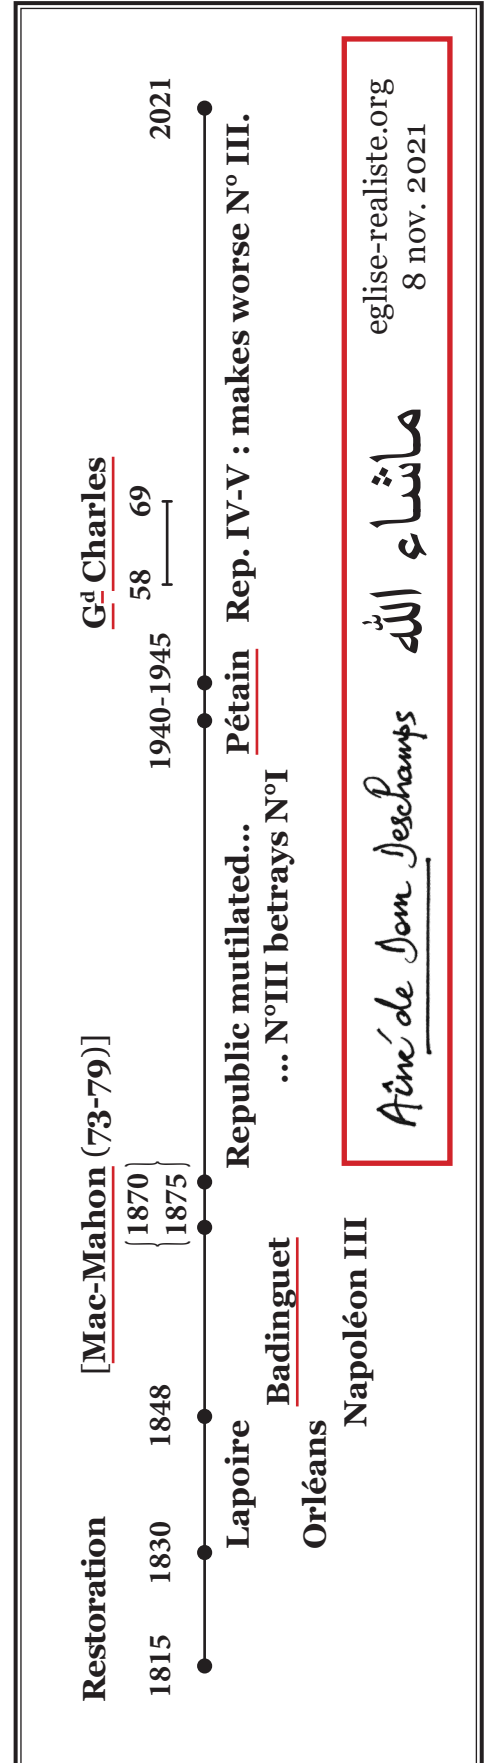

* When you think that the authors of the CRIME brazenly arrogate to themselves the make-up of the « Enlightenment » and the « Rule of Law »! behind which are hidden the Enlightenment of Boissy d'Anglas and the Law of Charlotte Corday!

* Fortunately, no one can blemish « 89 » and the immortal glory of Sieyès, Robespierre, Marat and Napoleon.

* Alas! The only memorable Resistance (to what is now the Fall of West-Babel) was Gracchus Babeuf's « Conspiracy of the Equals » (1794), the « Paris Commune » (18 March 1871-29 Ventôse) and their development. The lesson in the negative was harsh. But, phew, Eureka (εὕρηκα), the W.R.C.-B.N.P. armed with its « Rienism » finally holds the key to Social Salvation!...

... Let's run on the rail of the SUITABLE community!

- Frieze: in red, some vocation-killing sovereigns.
- Add the hecatomb of W.W. I, continued in W.W. II, cynically commemorated.

CREDO

Hardi, camarades !

C'est le moment d'abattre le Colosse aux pieds d'argile : l'Occident pourri jusqu'à l'os.

Désertons le Système. Contre-société (École, Media, Justice, Police, et tout le St Frusquin) !

- Matière et Esprit sont les 2 faces d'une même et unique Réalité.

Nature et Humanité sont à Parité.

- Deux Partis accouplés forment l'assise sociale : le Féminin et le Masculin.

- Deux Valeurs combinées animent le travail : Égalité et Liberté. Ceci entraîne une double conduite : Fraternelle et Amicale.

- Le nouveau régime d'Associés authentiques implique tout à la fois la Gratuité et le Volontariat.

Tandis que les prisons sont vidées sans façon, les serrures de tout type s'en vont au musée.

De même que la Propriété privée-publicue disparaît et fait place à de simples Possessions, les Frontières sont renversées et l'O.N.U. est expédiée dans les poubelles de l'histoire.

Enfin ! La Société Convenable est là : le Comm-Anar. Sans Argent et sans Armes.

طالب كبريتي - 4.12.2012.

CREED

Go for it, fellows!

Now's our time to bring down the Idol with feet of clay: the West rotten to the core.

Forsake the System. Counter-community (School, Media, Courts, Constabulary, and the whole caboodle)!

- Matter and Spirit are heads and tails of the same and single Real.

Nature and Humanity are at Parity.

- Two mated Parties make up the social basis: one Feminine and the other Masculine.

- Two combined values animate working: Equality and Liberty. This entails a twofold behaviour: Brotherhood and Friendship.

- The new regime of genuine Partners implies all at once Free Livelihood and Voluntary Service.

As jails are offhand vacated, likewise locks of every kind depart for the museum.

As well as public-private Properties vanish and give way to mere Possessions, Borders are overthrown and U.N.O. is consigned to the scrap heap of history.

Well! Well! We've got the Suitable Community: Anar-Comm. Without Money and Weapons.
