

*Nero,*

*despite his crimes,  
was popular . . .*

**Remember that:**

The Commanding Barbarian **CASTE** consists of:

The “secular” tandem of Bigots/priest-Haters, the wheelers-Dealers/Soldiery pair, and the associative Scabs (from the trade unions to start with), a race of free slaves.

The **ACCOMPLICES** of the Caste include:

The graduated Blockheads, trainers of school parrots and the hired Publicists, expert in factual brainwashing.

The Stadium, Circus, Stage and Screen Stars.

The Sex, Drugs, Weapons and Lottery entrepreneurs.

The occultist Magi and the cynical Braggarts.

The High mafia and the Lowly riffraff.

**THIS LOT** of the Caste and its Accomplices think it is “IT”, because they sit on the throne of our Death Community.

They are nothing but the absolute Spongers of the millions of the working classes, and at the same time their Despot.

They need for that purpose “Neros” at all costs. And they know wonderfully how to make a loud and persevering din in order to drive Roosevelt and Hitler hyper-“popular”.

**RUSH THEN** at the enemy! Our Neros are devoid of any root in the history of Living community. All we need is a bit of common sense and a courage built up through struggles, in order to burst once and for all the “bubble” of fraudulent popularities, and to save humankind from the nightmare of Total Commanding Barbarism, threadbare at this very instant.
