

# SHAME ON FRANCE this DESPOTIC REPUBLIC <sup>1</sup>

BY

HIS Absolute Obscurantist SECULARISM. <sup>2</sup>

HIS Perfidious Louis-Philippardian BANNER. <sup>3</sup>

HIS Bellicose MARSEILLAISE. <sup>4</sup>

---

<sup>1</sup> V° in name only, IV° actually; because fraudulently lumping together with the Convention (21.09.1792 → 21.10.1795) and the Consulate (11.11.1799 → 18.05.1804).

<sup>2</sup> This soulless « secularism » is the icon of Western Babel, proscribing all spiritual life in the popular Masses, to cleverly cover up the Mental Arbitrariness of the ruling Caste.

<sup>3</sup> Since De Laclos (*Dangerous Liaisons*) and Philip « Equality » (1747-1793), the regicide of his cousin (Louis XVI), the dynasty has intrigued under the « subversive » mask; particularly in the Palais-Royal, the worst meeting place for gamblers and Libertines. And, in the troubled circumstances of the time, the Rhetors doing the same way as Mirabeau and Danton, true upstarts declared « Tribuns », did not fail on behalf of Orléans. Thus, in 1848, the bourgeois-King of 1830 found it very relevant that Mr Alphonse-Marie-Louis De Lamartine made the « three colours » a chokehold for the Red Flag of the true revolutionaries.

<sup>4</sup> Rouget de Lisle, rightly imprisoned under the Convention, will churn out as well as the « Hymn of 9 Thermidor »! With this, one can probe the faith of this bloke in the spirit of the Great Revolution...
